

Chicago & Eastern Illinois Railroad Historical Society

Membership Application

I am interested in helping preserve the history of the Chicago & Eastern Illinois Railroad. I wish to apply for membership in the society.

I understand that membership in the Society entitles me to receive all publications published during the year that I hold membership. The publications include a yearly calendar, two issues of the all-color magazine, "*THE C&EI FLYER*" (or at the discretion of the officers, a once a year publication that is substituted for these two, that will include a more comprehensive study of a subject) and one newsletter, the "*Dixie Mail*". If I join at the Sustaining level I will also receive an embossed membership card and a roster of members at the end of the calendar year.

I also understand that I have full rights as a voting member and can participate in all meetings held during the year. The annual meeting is held in the month of April each year in either Danville, Watseka or other locations chosen by the Board and members..
