

Chicago & Eastern Illinois Railroad Historical Society

Membership Application

I am interested in helping preserve the history of the Chicago & Eastern Illinois Railroad. I wish to apply for membership in the society.

I understand that membership in the Society entitles me to receive all publications published during the year that I hold membership. The publications include two issues of the slick magazine, "*THE C&EI FLYER*" or at the discretion of the officers a once a year publication that is substituted for these two, that will include a more comprehensive study of a subject. I will also receive a membership card, all "Newsletters" and the annual calendar.

I also understand that I have full rights as a voting member, and can participate in all meetings held during the year.
